2010 Option Plan

iSelect's 2010 Share Option Plan commenced on 2 October 2000.

Consideration

Options were granted and issued under this plan for no consideration.

Vesting conditions

The Board may determine that the options will be subject to vesting conditions and, if so, will specify these in the offer. Vesting conditions may include conditions relating to continuous employment or the performance of iSelect.

Variation of terms and conditions

The Board may vary the terms and conditions of the 2010 Option Plan subject to obtaining the written consent of any participant if, in the Board's opinion, such variation would have the net effect of materially prejudicing the participant's rights and entitlements.

Disposal restrictions

Subject to certain exceptions, Options issued under this plan cannot be disposed of, or otherwise dealt with without the prior approval of the Board.

Cessation of employment

Subject to the occurrence of certain circumstances including permanent disablement or death, if an optionholder ceases to be employed by the Group all Options which have vested will lapse 30 days after cessation of employment.

Change in control of iSelect

Options will become exercisable if and when a takeover scheme or takeover announcement is made in respect of iSelect at a time when iSelect is listed on the ASX.

Other terms

The plan contains customary and usual terms for dealing with changes in iSelect's capital structure and the administration, amendment, suspension and termination of the plan.

2011 Option Plan

Consideration

Options were granted and issued under this plan for no consideration.

Vesting conditions

The Board may determine that the options will be subject to vesting conditions and, if so, will specify these in the offer. Vesting conditions may include conditions relating to continuous employment or the performance of iSelect.

Variation of terms and conditions

The Board retains the discretion to vary the terms and conditions of the 2011 Option Plan provided that no amendment may be made which materially reduces the rights of participants in respect of the Options they hold.

Disposal restrictions

Subject to certain exceptions, Options issued under this plan cannot be transferred without the prior approval of the Board.

Lapse of Options

The Board may determine that any Options (vested or unvested) lapse if the optionholder acquires an equity interest of 5% or more in a competitor of an iSelect Company or engages in activity that in the opinion of the Board, has or will cause material damage to iSelect.

Cessation of employment

The 2011 Option Plan contains provisions concerning the treatment of vested and unvested Options in the event a plan participant ceases employment.

If a participant ceases employment with iSelect, all unvested Options held by the participant will lapse. This does not include any Options which are subject to any service conditions which have been satisfied, which will remain on foot and may vest if any performance conditions attached to those options are met.

If a participant ceases employment by reason of termination for cause, is terminated during their probationary period or resigns within 12 months after the grant of their Options, all Options held by the participant will lapse.

Change of Control

The Tranche 3 and Tranche 4 Options (as listed in the table above) are subject to change in control provisions. Subject to a person acquiring (or the Board determining it is reasonably likely that a person will acquire) 90 % of the Shares, certain of the Tranche 3 Options will vest and be exercisable. In respect of the Tranche 4 Options, subject to a person acquiring 50 % of the Shares or all or substantially all of iSelect's business, any service condition attached to the Options will be satisfied but the Options will remain subject to any other performance conditions which will be tested on the earlier of the date on which the person acquires more than 50 % of the Shares or the relevant businesses of iSelect, or the date on which the Board determined that a change in control is reasonably likely to occur.

Other terms

The plan contains customary and usual terms for dealing with changes in iSelect's capital structure and the administration, amendment, suspension and termination of the plan.
